PROVISION OF A TUG VESSEL FOR BAYU-UNDAN OPERATIONS

ConocoPhillips is the operator of the Bayu-Undan Facility, which is located within the Timor Sea Joint Petroleum Development Area.

Pursuant to clause 10.1 of the Production Sharing Contract, ConocoPhillips is seeking expressions of interest from Companies capable of providing the below listed services to the Oil and Gas Industry who are a duly incorporated entity under the laws of República Democrática de Timor-Leste or Australia and who meet all of the following requirements:

**Minimum Requirements**

- Extensive experience in the provision of towing services.
- Vessel owners to be members of the Oil Company International Marine Forum and / or have a valid Offshore Vessel Inspection Database within the past year and have completed an Offshore Vessel Management Self-Assessment.
- Vessel to have a minimum three main power generators and three main propulsion units.
- Vessel to have a minimum bollard pull of 110mt with a bollard pull certificate issued within the last 12 months.
- Vessel to have redundant render recovery towing winches on the bow and stern.
- Vessel to be able to perform static tow duties of Aframax Tankships, have equipment for light anchor handling, and have a hull design to allow for cargo hose maintenance and repair.
- Vessel to accommodate a minimum of 16 persons.

Companies who meet all of the above minimum requirements are invited to submit their written expression of interest by email or hand delivery no later than **29 of June 2016** for the attention of Reinalda Pires, Purchasing Officer.

Email address: BayuUndanEOI@ConocoPhillips.com

Office address: ConocoPhillips Timor-Lesté Pty Ltd, Rua Bairro Gomes No 40, Bidau Lecidere, Dili, Timor-Leste.

"The Timor Sea Treaty between the Government of Timor-Leste and Australia and the Production Sharing Contracts require that in providing these goods/services, all interested companies shall give preference to the employment of Timor-Lesté nationals and permanent residents, having due regard to safe and efficient activities and good oilfield practice."
