ConocoPhillips Awards More than \$230,000 in Grants to Eagle Ford Area Organizations

KENEDY, Texas – ConocoPhillips announced the presentation of \$230,250 in charitable grants to 31 organizations in the Eagle Ford area.

“Our company believes in giving back to the communities where we live and work,” said Randy Black, manager, Eagle Ford operations. “This is our way of giving back. These recipient organizations work extremely hard to better the lives of the citizens of the Eagle Ford, and we hope these grants will allow the organizations to help even more citizens.”

This year’s grant recipients include area volunteer fire departments, educational institutions, emergency services and various other civic organizations.

Each year, ConocoPhillips invests in local communities through charitable giving, employee volunteerism and sponsorships. Our donations support education, health and safety, natural resources, the arts, civic and social services and disaster relief.
