The Exchange Offers are being conducted upon the terms and subject to the conditions set forth in an offering memorandum, dated February 22, 2022 (the “Offering Memorandum”). Capitalized terms used in this news release and not defined herein have the meanings given to them in the Offering Memorandum.

The “Total Consideration” for each of the Pool 1 Offer and the Pool 2 Offer for each \$1,000 principal amount of each series of Old Notes validly tendered pursuant to the Pool 1 Offer or the Pool 2 Offer, as the case may be, at or prior to the Early Participation Deadline (as defined below) and accepted for purchase will be equal to an amount that would reflect a yield to the maturity date or, if applicable, the par call date of such series of Old Notes (excluding accrued and unpaid interest to, but not including the applicable Settlement Date) equal to the sum of (i) the bid-side yield on the applicable Reference U.S. Treasury Security as calculated by the Dealer Managers in accordance with market practice, as of the Pricing Determination Date, plus (ii) a Fixed Spread with respect to such series of Old Notes. The Total Consideration (which will include an Early Participation Payment of \$30 of principal amount of the New 2062 Notes or New 2042 Notes, as applicable) for each of the Exchange Offers for holders tendering and not validly withdrawing their Old Notes at or prior to the Early Participation Deadline will be divided into (i) a Cash Payment and (ii) a principal amount of the New Notes determined by multiplying each \$1,000 principal amount of Old Notes tendered by an exchange ratio equal to the quotient obtained by dividing (a) the Total Consideration of the series of outstanding Old Notes tendered minus such Cash Payment by (b) the New Issue Price. The “New Issue Price” for each series of New Notes will be deemed to be \$1,000 per \$1,000 principal amount of New Notes. The amount of the Cash Payment is subject to adjustment as described in the Offering Memorandum.

Each series of New Notes will bear interest at a rate per annum equal to the sum of (a) the bid-side yield on the applicable Benchmark Security as calculated by the Dealer Managers in accordance with market practice, as of the Pricing Determination Date, plus (b) a fixed spread with respect to such series of New Notes.

The applicable Reference U.S. Treasury Security, Fixed Spread and Cash Payment with respect to each series of the Old Notes subject to the Exchange Offers as well as the Benchmark Security and the fixed spread for each of the New 2062 Notes and the New 2042 Notes is expected to be announced in a press release later today.

In addition, holders whose Old Notes are accepted for exchange will receive in cash accrued and unpaid interest from the last applicable interest payment date to, but excluding, the date on which the exchange of such Old Notes is settled, less the amount of any pre-issuance interest on the New Notes exchanged therefor on the Final Settlement Date only, and amounts due in lieu of fractional amounts of New Notes. In the case of any New Notes issued on the Final Settlement Date, if the pre-issuance interest accrued on such New Notes exceeds the accrued and unpaid interest on the Old Notes exchanged therefor, then no accrued and unpaid interest on such Old Notes will be paid.

COP reserves the right, in its sole and absolute discretion, to increase the 2062 Notes Cap or the 2042 Notes Cap without extending the Withdrawal Deadline (as defined below) or otherwise reinstating withdrawal rights.

Each Exchange Offer is subject to certain conditions, including, (i) with respect to the Pool 1 Offer, a minimum of \$500,000,000 aggregate principal amount of New 2062 Notes being issued in the Pool 1 Offer, (ii) with respect to the Pool 2 Offer, a minimum of \$500,000,000 aggregate principal amount of New 2042 Notes being issued in the Pool 2 Offer, (iii) as of 10:00 a.m. New York City time on March 8, 2022, the combination of the yield of the New Notes and the Total Consideration or Exchange Consideration, as applicable, for the applicable series of Old Notes would result in the New Notes and such Old Notes not considered as “substantially different” under Financial Accounting Standards Board Accounting Standards Codification Subtopic 470-50, (iv) COP receiving a minimum level of aggregate gross proceeds from the public offering, commenced substantially concurrently with the Exchange Offers, of three series of senior debt securities issued by CPCo and guaranteed by COP on or prior to March 11, 2022, the date currently expected to be the Early Settlement Date, on terms acceptable to COP, in its sole discretion, and (v) with respect to any Old Notes validly tendered pursuant to any Exchange Offer that will be exchanged on the Final Settlement Date (as defined below), COP determines that the New Notes to be issued on the Final Settlement Date in such Exchange Offer will be treated as part of the same issue as the New Notes, if any, issued on the Early Settlement Date for U.S. federal income tax purposes pursuant to specified tests.

Only Eligible Holders (as defined below) of Old Notes who validly tender their Old Notes at or before 5:00 p.m. New York City time on March 7, 2022, subject to any extension by COP (the “Early Participation Deadline”), who do not validly withdraw their tenders and whose Old Notes are accepted for exchange, will receive the Early Participation Payment.

The Exchange Offers will expire at one minute after 11:59 p.m., New York City time, on March 21, 2022, unless extended (the “Expiration Date”) or earlier terminated. Tenders of Old Notes submitted in the Exchange Offers at or prior to 5:00 p.m. New York City time on March 7, 2022, subject to any extension by COP (the “Withdrawal Deadline”), may be validly withdrawn at any time prior to the Withdrawal Deadline, but thereafter will be irrevocable, except in certain limited circumstances where additional withdrawal rights are required by law (as determined by COP). Tenders submitted in the Exchange Offers after the Withdrawal Deadline will be irrevocable except in the limited circumstances where additional withdrawal rights are required by law (as determined by COP).

COP reserves the right, but is under no obligation, at any point following the Early Participation Deadline and before the Expiration Date, to accept for exchange any Old Notes validly tendered at or prior to the Early Participation Deadline (the date of such exchange, the “Early Settlement Date”). The Early Settlement Date will be determined at COP’s option and is currently expected to occur on March 11, 2022, the third business day immediately following the Pricing Determination Date. If, after the Early Participation Deadline, COP chooses to exercise its option to have an Early Settlement Date and all conditions to the relevant Exchange Offers have been or are concurrently satisfied or waived by COP, COP will, subject to the terms of the Exchange Offers, accept for exchange all Old Notes validly tendered in the Exchange Offers prior to the Early Participation Deadline subject to proration, and the exchange for such Old Notes will be made on the Early Settlement Date.

The Final Settlement Date for the Exchange Offers will be promptly after the Expiration Date and is currently expected to occur on March 23, 2022, the second business day immediately following the Expiration Date (the “Final Settlement Date”).
