(1) Includes the Early Tender Premium of \$30 per \$1,000 principal amount of Notes for each Series (the “Early Tender Premium”).

The terms and conditions of the Tender Offer are described in an Offer to Purchase dated February 22, 2022 (as it may be amended or supplemented, the “Offer to Purchase”). The Tender Offer is subject to the satisfaction of certain conditions as set forth in the Offer to Purchase. Subject to applicable law, the purchasers may waive any and all of these conditions or extend, terminate or withdraw the Tender Offer with respect to one or more Series of Notes and/or increase or decrease the Maximum Aggregate Purchase Price. The Tender Offer is not conditioned upon any minimum amount of Notes being tendered. Capitalized terms used in this news release and not defined herein have the meanings given to them in the Offer to Purchase.

The amounts of each Series of Notes that are purchased in the Tender Offer will be determined in accordance with the priorities identified in the column “Acceptance Priority Level” in the table above. The Tender Offer will expire one minute after 11:59 p.m., New York City time, on March 21, 2022, unless extended (such date and time, as the same may be extended, the “Expiration Date”) or earlier terminated. In order to receive the applicable Total Tender Offer Consideration, holders of Notes subject to the Tender Offer must validly tender

and not validly withdraw their Notes before the Early Tender Deadline, which is 5:00 p.m., New York City time, on March 7, 2022, unless extended. Holders of Notes subject to the Tender Offer who validly tender their Notes after the Early Tender Deadline and before the Expiration Date and whose Notes are accepted for purchase will receive the applicable Late Tender Offer Consideration.

The applicable Total Tender Offer Consideration for each \$1,000 in principal amount of Notes tendered and not withdrawn before the Early Tender Deadline and accepted for payment pursuant to the Tender Offer on the Early Settlement Date (as defined below) will be determined in the manner described in the Offer to Purchase. The consideration will be determined by reference to a fixed spread specified for each Series of Notes over the yield based on the bid-side price of the applicable Reference U.S. Treasury Security specified in the table above, as fully described in the Offer to Purchase. The consideration will be calculated by the Dealer Managers for the Tender Offer at 10:00 a.m., New York City time, on the business day immediately following the Early Tender Deadline, unless extended (such date and time, as the same may be extended, the “Price Determination Date”). The Price Determination Date is expected to be March 8, 2022. The Early Tender Premium for each Series of Notes is \$30 per \$1,000 principal amount of Notes. The Late Tender Offer Consideration for the Notes purchased pursuant to the Tender Offer will be calculated by taking the Total Tender Offer Consideration for the applicable Series of Notes and subtracting from it the Early Tender Premium of \$30 per \$1,000 principal amount of Notes.

In addition to the applicable Total Tender Offer Consideration or applicable Late Tender Offer Consideration, as the case may be, accrued and unpaid interest up to, but not including, the applicable Settlement Date will be paid in cash on all validly tendered Notes accepted for purchase in the Tender Offer. The purchase price plus accrued and unpaid interest for Notes that are validly tendered and not validly withdrawn on or before the Early Tender Deadline and accepted for purchase will be paid by the Company in same day funds promptly following the Early Tender Deadline (the “Early Settlement Date”). The Company expects that the Early Settlement Date will be March 11, 2022, the third business day after the Price Determination Date. The purchase price plus accrued and unpaid interest for Notes that are validly tendered after the Early Tender Deadline and on or before the Expiration Date and accepted for purchase will be paid by the Company in same day funds promptly following the Expiration Date (the “Final Settlement Date”). The Company expects that the Final Settlement Date will be March 23, 2022, the second business day after the Expiration Date, assuming Notes representing an aggregate purchase price equal to the Maximum Aggregate Purchase Price are not purchased on the Early Settlement Date. No tenders will be valid if submitted after the Expiration Date. If Notes are validly tendered and not validly withdrawn having an aggregate purchase price equal to or greater than the Maximum Aggregate Purchase Price as of the Early Tender Deadline, Holders who validly tender Notes after the Early Tender Deadline but on or before the Expiration Date will not have any of their Notes accepted for purchase. Holders of Notes subject to the Tender Offer who validly tender their Notes on or before the Early Tender Deadline may not withdraw their Notes after 5:00 p.m., New York City time, on March 7, 2022, unless extended (such date and time, as the same may be extended, the “Withdrawal Deadline”), except in the limited circumstances described in the Offer to Purchase. Holders of Notes subject to the Tender Offer who validly tender their Notes after the Withdrawal Deadline but on or before the Expiration Date may not withdraw their Notes except in the limited circumstances described in the Offer to Purchase.

Subject to the Maximum Aggregate Purchase Price, all Notes validly tendered and not validly withdrawn at or before the Early Tender Deadline having a higher Acceptance Priority Level will be accepted before any validly tendered and not validly withdrawn Notes having a lower Acceptance Priority Level, and all Notes validly tendered after the Early Tender Deadline having a higher Acceptance Priority Level will be accepted before any Notes tendered after the Early Tender Deadline having a lower Acceptance Priority Level. However, if Notes are validly tendered and not validly withdrawn having an aggregate purchase price less than the Maximum Aggregate Purchase Price as of the Early Tender Deadline, Notes validly tendered and not validly withdrawn at or before the Early Tender Deadline will be accepted for purchase in priority to Notes tendered after the Early Tender Deadline, even if such Notes tendered after the Early Tender Date have a higher Acceptance Priority Level than Notes validly tendered and not validly withdrawn at or before the Early Tender Deadline. Notes of the Series in the last Acceptance Priority Level accepted for purchase in accordance with the terms and conditions

of the Tender Offer may be subject to proration so that the Company will only accept for purchase Notes having an aggregate purchase price of up to the Maximum Aggregate Purchase Price.
