Dear Mr. Choudhury:

Oliktok Pipeline Company (Oliktok) filed TL47-334 on July 1, 2021, seeking to establish inception rates for natural gas transportation service. On August 19, 2021, the Regulatory Commission of Alaska (Commission) approved Tariff Sheets Nos. 37 and 63, filed July 1, 2021, and Tariff Sheet No. 1, filed August 17, 2021, by Oliktok in TL47-334. The effective date of the tariff sheets is September 1, 2021.

A finding by the Commission that there is not good cause to investigate the inception rates indicates only that after weighing available information against the costs to the public and the utility of an investigation, further proceedings are not in the public interest. This is not a decision on the merits addressing any individual element in Oliktok's revenue requirement study filed with TL47-334.

Further, the Commission orders Oliktok to file a rate case by July 1, 2026, based on a 2025 test year. If there are no nominations or third party shipments during 2025, Oliktok may petition to postpone or be relieved of this filing requirement.

Enclosed are validated copies of the approved tariff sheets. Please note the effective date has been added to the bottom right corner of Tariff Sheet Nos. 37 and 63. In addition, the effective date has been updated on Tariff Sheet No. 1 to reflect September 1, 2021.

BY DIRECTION OF THE COMMISSION

Sincerely,

REGULATORY COMMISSION OF ALASKA

Robert M. Pickett
Chairman
